

BLW GROUP represents manufacturers that provide high quality process equipment to the diverse Mid-South as well as Global processing industry. Complementing our equipment offering is over 67 years of engineering expertise and experience in specialized processing applications in a multitude of industries. We believe material management and engineering is an Artform as well as hard Science. We have the experience to solve complex process problems.

MOVEMENT / TRANSFER

Rigid Feed Screws, Flex feed helix units, Specialized Bucket and Belt Conveyors, Vibrators, and specialized and standard Vibratory Conveyors and Vacuum Conveying Systems.

METERING / FEEDING and MEASUREMENT

Volumetric feeders, encompassing simple vibratory units as well as sophisticated material feed units offering precise material addition.

STEAM INJECTION HEATING

Steam injection liquid heaters, C.I.P Systems, Hot Water Systems, Sanitary In-Line Cookers, Sterilizing, and Skid Mounted Specialty

MIXING and BLENDING

Portable and Stationary Mixers for simple liquid blending and High Shear Mixing .

STORAGE and SUPPLY

Bag Dump Stations, Hoppers, Bins, and Specialized Bulk Storage units.

SCREENING / CLASSIFYING, SIZING and SEPARATION Round / Rectangular and Centrifugal screeners

SAFETY AND PRODUCT QUALITY

Metal Detectors, Magnets for metal separation including plate, liquid line trap, grate, and suspended magnets and Dust collection Systems

Partial List of Industries served by BLW Group

Forestry Products
Food , (primary & processed)
Agricultural Products
Manufacturing Processing
Pharma and Neutraceuticals
Plastics, Vinyl's, and Resins
Chemical Processing
Waste Water Treatment
Recycling, Re-Claim
Pulp and Paper
Aggregates
Ammunition
Tobacco

BLW GROUP serves the states of Arkansas, upper two-thirds of Mississippi, West Tennessee, and the southwest corner of Kentucky from two offices; a main office located in **MEMPHIS, TN**, and a satellite office in **CENTRAL ARKANSAS**. The BLW engineering staff has a combined experience base of over 60 years in in all phases of process engineering. Previously known as Barbour Lewis Walker & Co., BLW Group has continued to grow and serve our customers by providing leading edge technology and equipment for the 21st century.

Primary contacts for the sales areas are as follows:

AR: Kevin Eggleston
 Cell: 901-626-6926
 jkeggleston@gmail.com

TN, MS, & KY: Clif Campbell
 Cell: 901-568-1274
 ccampbell.blw@gmail.com

Additional information can be found on our web site:

-CORPORATE PARTNERS-

www.eriez.com

Vibratory Feeders, Conveyors, Screeners, Bin Vibrators, Magnets and Magnetic Separators, and USA made Metal Detector Systems.

www.sweco.com

Round Separators, Gyramax Rectangular Dry Separators, Rectangular Wet Separators, Centrifugal Separators. Replacement screens for most all brands of round and rectangular screening equipment.

www.pickheaters.com

Steam Injection Heaters for Process Water, Green Liquor, C.I.P. Systems, Starch Cooking, and Food Sterilization.

GREENROSE PROCESS EQUIPMENT

www.johnngreenrose.com

Integrated screen press for dewatering solids.

B. W. SINCLAIR, INC.

BULK MATERIAL HANDLING

www.bwsinclair.com

Bucket Elevators, Screw Conveyors, Specialized Material Handling Systems

-CORPORATE PARTNERS-

LOTUS MIXERS

www.lotusmixers.com

Sanitary and General Purpose Agitators and Mixers. Bridge and Clamp Mount Portable Mixers

www.heilprocessequipment.com

Fiberglass Scrubbers, Tanks, and Fans

SCHUST
STANDARD PRODUCTS DIVISION
A Division of Schust Engineering, Inc.

www.schustengineering.com

Dust collection and Ventilation systems engineering. Design, manufacture and turnkey systems.

HAPMAN

Ideas that move.

www.hapman.com

A Global company

Flexible helix units, specialized vacuum systems, tubular drag conveyors, and other specialized material management systems / equipment.

BLW Group represents only premier process equipment manufacturing firms. These companies are leaders and innovators in their field of expertise and their reputations are well known for quality and customer service.
